

## Church Hire

St John's church is very welcoming, bright and modern. It can be hired by the hour, or for longer periods. If you are looking for a venue that has a unique and distinctive atmosphere - for a one-off celebration or activity, or for more regular weekly / monthly events then look no further - we can provide you with the flexibility you need.

Our church is easily converted into a large social space – ideal for any type of event. Kitchen and toilet / baby changing facilities are also on site.

### Charges per hour:

- For regular and existing bookings
  - £20 for summer rentals (April to September)
  - £25 for winter rentals (October to March)
- Baptism parties including kitchen use, £20 (summer), £25 winter
- New / single use bookings (including kitchen use) from £20
- Larger / Ticketed events negotiable – please contact us
- Smaller committee room (in church hall) £20
- The building has state of the art sound, stage-lighting and video projection including a large screen suitable for screening films. Use of these requires a trained member of the Church to stay and assist during the event.

The Church also has a premise license which allows us to run a cash bar during events. If you are interested in either of these as part of a booking then we are happy to discuss possible pricing options outside of the hourly rates above and will do our best to accommodate you.
